DETAILED ACTION

Allowable Subject Matter

Claims 1-7 are allowed. Regarding claim 1, no prior art of record discloses a method of finishing openings comprising a shim plate between a frame member and periphery of a framed insert, affixing a flange portion of the shim plate to an interior surface of the frame member, and expanding a foaming material between frame member and shim plate to support the shim plate relative to the frame member and extending a fastener through the shim plate, foaming material and into the frame.

Regarding claim 7, no prior art of record discloses a system having a shim plate, a foaming material and frame member forming a framed opening for a framed insert having an L shaped shim plate fastened to the frame member, a sill portion of the shim extending between the periphery of the frame insert and frame member, a foaming material expanded between the frame member and shim and the expanded foam supports the shim plate and fasteners extend through the shim plate and through the expanded foaming material and into the frame member.

Conclusion

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Basil Katcheves whose telephone number is (571) 272-6846. The examiner can normally be reached on Monday-Friday from 7:30 am to 4:00 pm.

Art Unit: 3635

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Carl Friedman, can be reached at (571) 272-6842.
